INTRODUCTION	(v)
 PART I:	
PLANNING SCIENTIFIC OBSERVATIONS	
Section 1: Text of the CCAMLR Scheme of International Scientific Observation.....	Part I: S1-1
Section 2: List of Current Research Priorities Identified by the Scientific Committee for Conducting Scientific Observations on Commercial Fishing Vessels.....	S2-1
Section 3: Data Collection and Sampling Requirements for Conducting Scientific Observations on Commercial Fishing Vessels.....	S3-1
Section 4: Recording and Reporting Results of Scientific Observations on Commercial Fishing Vessels.....	S4-1
Section 5: The Scientific Observer Cruise Report has been deleted from this manual and is now available only in electronic format. The document may be obtained from the CCAMLR website (www.ccamlr.org/pu/e/sc/obs/logbooks.htm) or by contacting the Secretariat's Scientific Observer Data Analyst (eric@ccamlr.org).	
Section 6: Rules for Access and Use of CCAMLR Data.....	S6-1
 PART II:	
LOGBOOK FORMS AND INSTRUCTIONS FOR RECORDING RESULTS OF SCIENTIFIC OBSERVATIONS ON COMMERCIAL FISHING VESSELS	
<p>The logbook forms and instructions have been deleted from this manual and are now available only in electronic format. The documents may be obtained from the CCAMLR website (www.ccamlr.org/pu/e/sc/obs/logbooks.htm) or by contacting the Secretariat's Scientific Observer Data Analyst (eric@ccamlr.org).</p>	
 PART III:	
GUIDELINES FOR SCIENTIFIC OBSERVERS	
Section 1: Standard Measurements for Krill, Fish, Crabs and Squid	Part III: S1-1

Section 2: Assessment of Krill Size Composition.....	S2-1
Section 3: Krill Feeding Observations.....	S3-1
Section 4: Maturity Stages of Krill.....	S4-1
Section 5: Maturity Scales of Antarctic Fish.....	S5-1
Section 6: Maturity Scale of Stone Crabs, <i>Paralomis</i> spp.....	S6-1
Section 7: Maturity Scale of Squids	S7-1
Section 8: Removal and Storage of Otoliths.....	S8-1
Section 9: Collection and Storage of Scales	S9-1
Section 10: Sex and Relative Age Determination of Stone Crabs, <i>Paralomis</i> spp.	S10-1
Section 11: Observation of By-catch of Fish Larvae in Krill Catches	S11-1
Section 12: Observations of Interactions of Seabirds and Marine Mammals with Longline Fishing Operations	S12-1
Section 13: Species Identification Guides	
Identification Guide to <i>Dissostichus</i> spp. and Similar Fish	S13-1
CCAMLR Species Identification Sheets	S13-5
Section 14: National Programs on Fish Tagging	
Australia – <i>Dissostichus eleginoides</i>	S14-1
New Zealand – <i>Dissostichus</i> spp.	S14-3
New Zealand – Rajidae.....	S14-5
South Africa – <i>Dissostichus eleginoides</i>	S14-7
USA – <i>Dissostichus mawsoni</i>	S14-9
Section 15: Maturity Stages of Antarctic Skates	S15-1

PART IV:
REFERENCE MATERIAL

Section 1: Maps of the CCAMLR Convention Area.....	Part IV: S1-1
Section 2: World Time Zones.....	S2-1
Section 3: Beaufort Scale of Wind Force	S3-1
Definition of Sea Height and Swell.....	S3-5

Section 4:	Nautical Dawn and Dusk Reference Table	S4-1
Section 5:	Selection of CCAMLR Database Codes	
	List of Species and Codes	S5-1
	Fishing Gear Codes	S5-8
	Squid Lure Colour Codes	S5-8
	Catch Processing Codes	S5-8
	Length – Type of Measurement Codes	S5-9
	Length – Units and Scale of Measurement Codes	S5-9
	Weight – Units and Scale of Measurement Codes	S5-10
Section 6:	References	S6-1
