

Commission for the Conservation of
Antarctic Marine Living Resources
(CCAMLR)

stop illegal fishing
A Working Group of the NEPAD's
International Partnership for African
Fisheries Programme

Illegal, unreported and unregulated (IUU) fishing workshop Schedule

Day 1: Opening, review, update and challenges

- 09:00 Opening and welcome
- 09:15 Introductions and schedule
- 09:30 Update on CCAMLR, and examination of recent trends and capacity in IUU fishing in the Southern Ocean and beyond

Morning coffee 10:00 – 10:30

- 10:30 Review of progress within Africa following the 2010 workshop - success and challenges nationally and regionally (plus discussion of questionnaires)
- 11:30 Role and importance of port state controls in tackling IUU fishing (including PSM toolkit quiz)

Lunch 12:30 – 14:00

- 14:00 Implementation of port state controls – the legal and policy framework, institutional and operational capacity, and conduct
- 15:00 Case studies of port inspection, their outcomes and lessons for the future (e.g. *Antillas reefer, Ray, Tawariq-1, Txori Argi*).

Afternoon tea 15:30 – 16:00

- 16:00 Case studies of port inspections, their outcomes and lessons for the future (e.g. *Antillas reefer, Ray, Tawariq-1, Txori Argi*) contd.

Welcome dinner with guest speaker 19:00

Day 2: Port state controls – IUU vessel and product detection

- 09:00 IUU vessel lists – why they are important, where they can be found, use and challenges, IUU vessel entry
- 09:35 Vessel, product and species identification and inspection, including how to identify key target species once a vessel is in port
- 10:15 Organised crime in the fishing industry

Morning coffee 10:30 – 11:00

- 11:00 Practical role-play session to understand and work through the key actions and decision-making process

Lunch 13:00 – 14:30

- 14:30 Devising a draft checklist for port state controls

Afternoon tea 15:30 – 16:00

- 16:00 Plenary discussion on the key issues to tackle in port inspections, including PSM documentation

Day 3: Port state controls – practical experience and implementation

- 09:00 Current situation – assessment of actions required, challenges ahead and the role of port state controls in Africa
- 09:30 Priority steps that should be taken nationally and regionally to ensure implementation of port state measures (working group session and discussions)
- 10:00 Briefing on practical session

Morning coffee 10:15 – 10:30

- 10:30 Visit to port authority to experience unloading of fish and take part in identification at first hand and to share experiences

Lunch 13:00 – 14:00

- 14:00 Visit to processing facility to experience at first hand the fishery product supply chain and to share experiences

Return to Ritz Hotel 17:00

Day 4: Making the right changes – future direction

- 09:00 Fisheries governance and transparency with working groups discussing:
 - Governance and the impact on MCS operations
 - Confidentiality or not – where should we aim in terms of sharing information
 - Regional cooperation and fishery governance

Morning coffee 10:30 – 11:00

- 11:00 The illegal trade in fish – presentation by TRAFFIC
- 11:45 Marine living resources enforcement in the Western Cape
- 12:00 Review of the challenges to overcoming IUU fishing in the oceans around Africa - with prioritisation

Lunch 12:30 – 14:00

- 14:00 The way ahead – review of the priority steps (incorporating outcome of day 3 morning session) and development of next steps and future implementation, mapping out the roles for players and countries

Afternoon tea 15:00 – 15:30

- 15:30 Summary session and review
